

ARTS EDUCATION

Teacher Initiated Project (TIP)

GRANT INSTRUCTIONS AND GUIDELINES

PURPOSE:

The purpose of the Teacher Initiated Project is to help teachers:

- 1) collaborate with practicing professional artists on the design and implementation of innovative projects for their classroom, that will enable teachers to integrate the arts into math, science, and language arts;
- 2) by providing one-on-one support by an artist for the teacher that will help develop the teacher's skill in a particular artistic discipline;
- 3) by supporting the classroom teacher in advancing his or her abilities to conduct action research as it relates to teaching dance, music, theatre, and visual arts education or using dance, music, theatre and visual arts as tools for integration with other academic disciplines;
- 4) conduct one-on-one professional development with the artist. Up to TWO hours can be used to teach side-by-side with the artist in the classroom.

The TIP grant is NOT intended to be used like a residency. If you wish for an artist to come into the classroom, please apply for an Artist In Residency grant.

GUIDELINES:

- Any teacher in any private, parochial, charter, or public school is eligible.
- No more than two teachers from any given school may apply in any grant cycle.
- Schools applying for a residency or arts education project may also have one TIP grant submitted by a classroom teacher. Schools not applying for a residency or project may have two classroom teachers apply for two separate TIP grants.
- There is no cash match required. Matches are provided through teacher time and commitment.
- The award is made to the school and the school must pay all project costs including artists' salaries, travel, per diem, lodging, materials, supplies, course fees, etc.
- Out of state artists are permitted for use in TIP grants ONLY IF they are already in town for another residency or arts education project (please keep in touch with the Arts Education office to stay informed of these opportunities).
- It is preferable that TIP grants utilize artists that are already in the community where the school is located.
- Local artists who are not on the Arts Education Program Roster (ie: university professors, local professional artists) must be approved by the Arts Education office PRIOR to grant submission.
- A letter of support from the principal must accompany each application.
- Only a portion of the budget (\$500) may be applied to consumable materials or commercial instructional materials. Requested material must support one of the categories listed above under "Purpose."
- Up to TWO nights lodging and travel for approved, non-local artists.

REVIEW CRITERIA:
